Principal's Message

Week 3 and we are going well. I would like to thank those families that have been using the RATs as this has helped us with being impacted by COVID. This week the data is trending in a good direction for us, so please keep using them. If you did not get your allocation last week we will sort that out today.

Again the other key message is if you are not well please stay home. It is a simple act but so important when it comes to looking after yourself and others. Thanks you to those who have been doing this.

The Swimming Sports have been moved and will be held on Wednesday 23 February. As has been in the media, full vaccination is required for parents attending school events. It would be great to see lots of parents at the Swimming Sports. We will send the program home later this week or early next week so you can plan if you are able to fit in a visit when your child will be in the water.

School Council will meet next week, and we will then be starting the election process for our 2022 School Council. If you are interested in joining this governance group and would like some further information please contact the office so we can organise a time to chat.
