Thanks for those who have adapted so easily to the newsletter coming out every second week.

We are very much looking forward to students enjoying their Reports that will be sent home next Friday.

As we all know Reports help celebrate the great learning but also provide some helpful feedback about what can be done differently to be even more successful next semester. Please read them as a family and talk about the little things that can be celebrated and acted upon to ensure that each and every students is being the best that they can be.

On the last day of term the Flagstaff students will be having a Pet Parade on the Friday morning. Please keep an eye out for the letter coming home with further details of this great event.

As we all know the only constant in life is change. We have yet another change. Our cleaner after nearly twenty years of working with us has decided it is time to work less. So we have a vacancy for a cleaner. If you are interested please get in contact with either Julie or myself for further details.

We have used AGA as a group training company to help us with some of the other roles that we are currently trying to fill. They use Seek as their most effective method for putting advertisements out there. The two links below are for the current traineeships that they are recruiting for.

The term has been a disrupted one with staff and student ill health. Many students have been excellent with accommodating the changes with teachers during this time. However, there have been a minority of students that have shown a lack of respect for others during these times of change. This does make it even more difficult than what it needs to be. If this does persist next term we will need to provide extra learning time for those students so they can learn to be respectful of others at all times. Unfortunately this may need to be after school for some students. As the vast majority of students are doing the right thing it is disappointing that this is my last comment for the newsletter this semester.

## SSV Gippsland Cross Country

On Thursday the 2<sup>nd</sup> of June, Emma Reid (11), Josh (10), Nathan (10), Beau (8) and Seth (7) took up the courage to run against other students from schools in Gippsland for the Regional Cross Country Championships. Lardner Park is always a challenging course with plenty of hills to add to the overall achievement completing each race, especially after a long drive in the car just to get there!

Well done to each of our Regional runners! Each of you were a worthy representative of our school and we are all proud of your achievements!
